

BOZO Repeater Script with 2 Meter – November – 2022

ACS / ARES AREA 2 NET SCRIPT

This is (My Name • My Call sign), net control this evening for the Ventura County Area 2 ACS/ARES check-in net. Area 2 serves the Conejo Valley, including Newbury Park, Oak Park and Thousand Oaks. This net operates every Tuesday at 1900 hours local time. If there is any emergency or priority traffic before I begin the net, please come now.

[Un-key and check for response]

In the event of an emergency, all unaffected ACS/ARES members will remain away from the incident and monitor the Area 2 net control station on this repeater at 147.885, minus offset, with a PL of 127.3.

If requested, available members will inform the net control station of their availability during the crisis period. The net control station will take names, call signs, and availability information for the emergency coordinator. Please review directions and instructions on the vccomm.org web site under the Area 2 tab.

[BREAK]

Checking into this net also checks you into the main Ventura County net. The Ventura County net meets at 1930 hours local time on the 145.200 repeater, minus offset, with a PL of 127.3. The net control operator will report the results of the Area 2 check-in net on the county net.

[BREAK]

If an Area 2 check-in net is not in progress by 1905 hours, then any available Area 2 AEC or designated operator should begin the net and serve as the net control operator.

[BREAK]

In addition to check-ins on this frequency, we are also accepting check-ins on:

- 440 (449.440, minus offset, with a PL of 131.8) from 1905 hours to 1915 hours
- 220 (224.700, minus offset, with a PL of 156.7) from 1915 hours to 1925 hours

If you can, please check in on these other repeaters.

For all those checking in, please give your **call sign**, **your first name**, and your **ACS ID number**, and state if you have traffic for this net, or any traffic to pass onto the county net.

All ACS/ARES and visitors please check in now.

[Un-key and wait for responses] END NET AT APPROXIMATELY 1925 HOURS

Thank you for checking in tonight and for supporting ACS/ARES. Anyone wishing to sign up for membership, please contact any Area 2 AEC.

You are invited to join us on the main Ventura County net at 1930 hours, on the 145.200 repeater, minus offset, with a PL of 127.3.

I would like to thank KC6IJM for the use of his repeater, and for his continued support of ACS/ARES Area 2.

This is (My Name · My Call sign) closing the net at _____ hours. The repeater will now return to normal use. The frequency is clear.

COUNTY NET PARTICIPATION

The Area 2 Net Control Operator should use the following script to provide the Area 2 report when requested by the County Net Control Operator.

Good evening _____ and the net. (Name of the County net control operator)

This is (My Name · My Call sign), net control operator for Area 2. Can you copy?

[Un-key and wait for reply]

Area 2 serves the Conejo Valley, including Newbury Park, Oak Park and Thousand Oaks. We hold our net every Tuesday evening at 1900 hours on the 147.885 repeater, minus offset, with a PL of 127.3.
