

Area 2 220 Net Script (224.700, minus offset, with a PL of 156.7)

Send DTMF tone *82 to unlink repeater from Papa Network; *80 to relink after net

Black text-read every week. *Green text-read during ORTs. Red text-instruction, do not read aloud.*

This is (*name, callsign*), net control operator for the Ventura County Area 2 ACS/ARES check-in net on the K6HB repeater at 224.700 MHz with a minus offset and a PL of 156.7. Area 2 serves the Conejo Valley, including Newbury Park, Oak Park, and Thousand Oaks. This net operates every Tuesday at about 1915 to 1925 hours local time.

If there is any emergency or priority traffic before I begin the net, please come now. (*listen for traffic*)

In addition to check-ins on this frequency, we are also accepting check-in on:

- 2 meters, at 147.885 MHz, with a minus offset and a PL of 127.3 from 1900 to 1925 hours.

If possible, please check in on this other net.

For all those checking in, please give your call sign phonetically, your first name, ACS ID number if you have one, or state if you are ARES or a visitor, and state if you have traffic for this net or any traffic to pass on to the county net.

(During ORTs, add the following paragraph) **Because tonight is the (Ventura County, Area 2, or Area 2 practice) Operational Readiness Test, I will begin the net by polling the Emergency Operation Centers in Area 2, starting with (conduct poll of EOCs).**

Any members or visitors wishing to check in, please come now. (*record check-ins*)

(End the net at approximately 1925 hours)

Thank you for checking in tonight and for supporting ACS/ARES. Anyone wishing to sign up for membership, please contact the Area 2 Emergency Coordinator, N6PK. We would like to thank Bill Hughes K6HB for the use of his repeater and his continued support of ACS/ARES Area 2.

This is (*name, call sign*) closing the net at _____ hours. The repeater will now return to normal use and the frequency is now clear..
